

ARYAN MOORTHY

aryanxmoorthy@gmail.com | [LinkedIn](#) | [GitHub](#) | [Codeforces](#) | [CodeChef](#) | [AtCoder](#)

COMPETITIVE PROGRAMMING

- **Codeforces** 900+ problems solved | Rating 1180 (max. 1180) | Longest streak: 200 consecutive days of problem solving ([AryanMoorthy](#))
- **CodeChef** 2★, Rating 1415 (highest 1511) | Participated in 8 rated contests ([aryan_moorthy](#))

NlogN — The CP Club, Scaler School of Technology | Bengaluru

- **ICPC Regionals Cohort** (Jul 2026 – Present) — Selected into the club's top-tier cohort preparing for ICPC Regionals.
- **Super 25** (May 2026 – Jul 2026) — Advanced into a 25-member cohort of top-performing club members.
- **Rising 40** (Nov 2025 – May 2026) — Selected among 40 members based on consistent problem-solving performance.

EDUCATION

BITS Pilani (Digital) — BSc (Honours) in Computer Science

Expected Graduation: 2029

Scaler School of Technology — Undergraduate Program in Computer Science & AI

Expected Graduation: 2029

PROJECTS

Habitify — Smart Habit-Tracking Web App (*HTML, CSS, JavaScript, localStorage*)

- Built a fully client-side habit tracker with streak tracking, a Pomodoro focus timer, and a color-coded monthly calendar view — no backend required.
- Implemented an insights dashboard (completion rate, best streak) and CSV export, with all state persisted via the localStorage API.

github.com/AryanMoorthy/Habitify

AltitudeAlerts (Flight-Tracker) — Live Flight Search & Tracking App (*Node.js, Express, Axios, REST API*)

- Developed a full-stack flight search app with an Express backend proxying the AviationStack API for real-time flight status by origin/destination.
- Added airport autocomplete search and a save/bookmark system for tracked flights using localStorage.

github.com/AryanMoorthy/Flight-Tracker

Copy-Paste Helper — Clipboard Utility Web App (*HTML, CSS, JavaScript, Clipboard API*)

- Built an interactive tool using the browser Clipboard API to copy/paste text with keyboard shortcuts (Ctrl+C/Ctrl+V) and animated UI feedback.

github.com/AryanMoorthy/Copy-Paste-Helper

Personal Portfolio — Personal Website (*HTML, CSS*)

- Designed and built a responsive personal portfolio site showcasing background, projects, and skills.

github.com/AryanMoorthy/Portfolio

TECHNICAL SKILLS

Languages: C++, Java, Python, JavaScript, HTML/CSS

Frameworks/Tools: Node.js, Express, Axios, MySQL, Matplotlib, Git/GitHub, REST APIs

Core Competencies: Data Structures & Algorithms, Problem Solving, Competitive Programming
